**Independent Auditors' Report on Compliance with Requirements Applicable
to Each Major Program, Internal Control over Compliance and Supplementary
Schedule of Expenditures of Federal Awards in Accordance with OMB Circular A-133**

The Board of Regents
The University of Alaska:

Compliance

We have audited the compliance of the University of Alaska with the types of compliance requirements described in the ETEMC/P MCID 1 W8.0n8s 10.98 133.8605 535.37c

The Board of Regents
The University of Alaska

Internal Control over Compliance

The management of the University of Alaska is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the University of Alaska's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts and grants caused by error or fraud that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

Schedule of Expenditures of Federal Awards

We have audited the basic financial statements of the University of Alaska as of and for the year ended June 30, 2004, and have issued our report thereon dated September 30, 2004. Our audit was performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The accomp

UNIVERSITY OF ALASKA

Notes to Schedule of Expenditures of Federal Awards

June 30, 2004

(1) General

The accompanying Schedule of Expenditures of Federal Awards presents the activity of all federal financial assistance programs of the University of Alaska. The University of Alaska is a constitutionally created corporation and a component unit of the State of Alaska. Federal financial assistance received directly from federal agencies as well as federal financial assistance passed through other government agencies is included on the schedule.

(2) Basis of Accounting

The accompanying Schedule of Expenditures of Federal Awards is presented using the economic resources measurement focus and accrual basis of accounting, which is described in note 1 to the University of Alaska's financial statements.

(3) Non-Cash Federal Awards

The University receives Federal awards under the Perkins Loan Program (CFDA #84.638). The outstanding loan balances under this program totaled \$36,879 as of June 30, 2004.

(4) Subrecipients

The University of Alaska passed through \$8,315,647 of federal awards to subrecipients for the year ended June 30, 2004. Expenditures incurred by the subrecipients are listed below by federal program. These amounts are included in the Schedule of Expenditures of Federal Awards.

UNIVERSITY OF ALASKA

Schedule of Findings and Questioned Costs

June 30, 2004

Condition – For the program year 2002–2003, 63.5 percent of the University of Alaska Anchorage Talent Search Program participants were low-income individuals who were potential first generation college students. For the program year 2002–2003, 12.2 percent of the University of Alaska Fairbanks (Bristol Bay region) Talent Search Program participants were low-income individuals who were potential first-generation college students.

Questioned Costs – None.

Context – Isolated to Talent Search Program.

Effect - The University provided talent search program services to a population that did not meet the program's earmarking requirement.

Recommendation – The University should make every effort to serve the number of Talent Search participants required by the program.

**Independent Auditors' Report on Internal Control
over Financial Reporting and on Compliance and Other Matters
Based on an Audit of Financial Statements Performed in
Accordance with *Government Auditing Standards***

The Board of Regents
The University of Alaska:

We have audited the financial statements of the University of Alaska as of and for the year ended June 30, 2004, and have issued our report thereon dated September 30, 2004. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control over Financial Reporting

In planning and performing our audit, we considered the University of Alaska's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide an opinion on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of th
